- 4 **Sales Achievement**

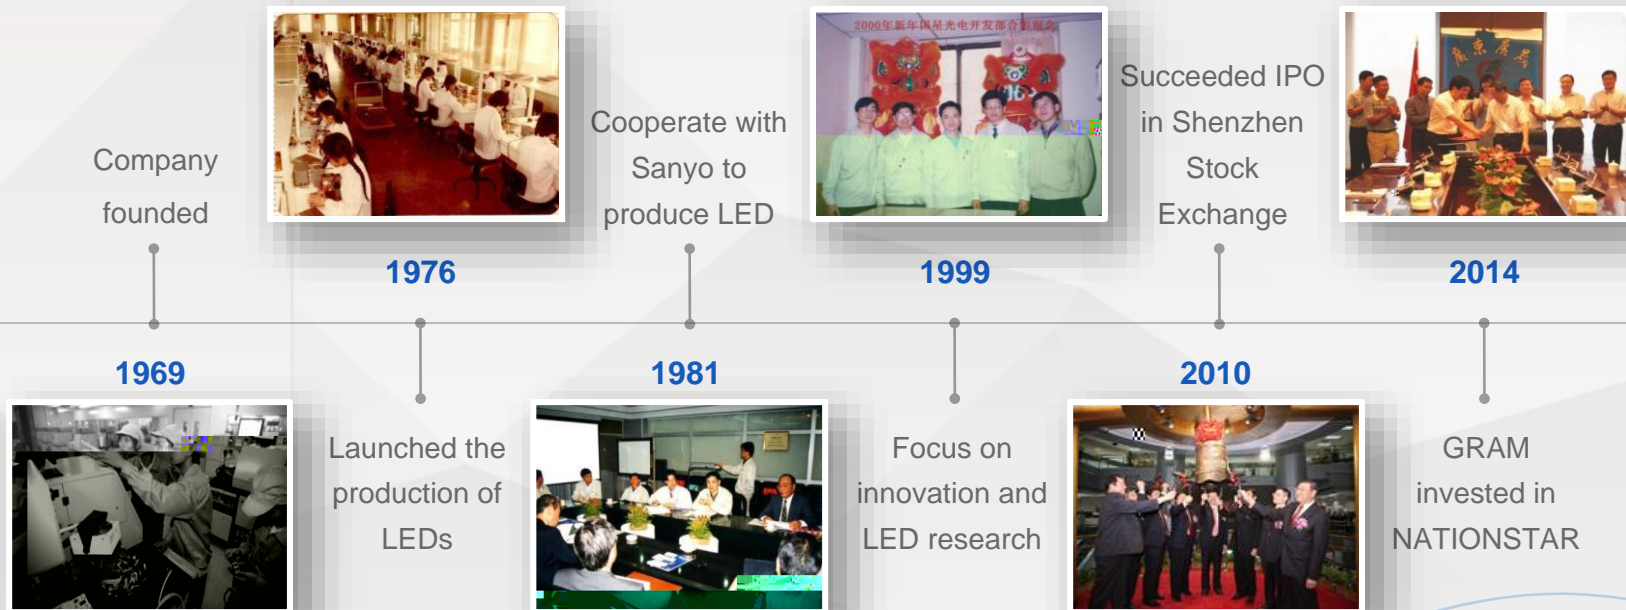

WELCOME

Foshan NationStar Optoelectronics Cooperation has been driven by innovation and technology development from a small factory to an outstanding high-tech enterprise, not only listed among the top native LED companies, but also listed in the Shenzhen stock market.

Company History

State Owned Factory

OEM Manufacturer

Innovation Private Enterprise

High-tech Listed Company

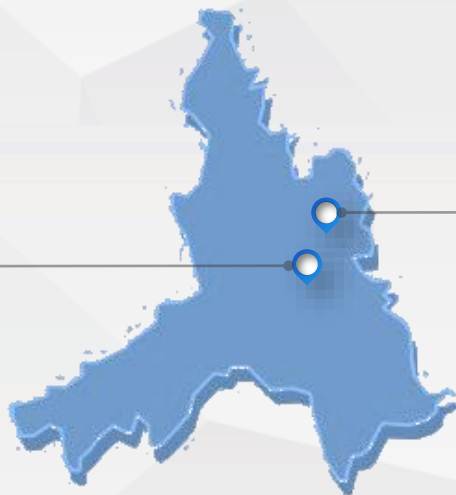

Production Base

The Production Base of LEDs and LED Lightings

Land Area : 60,600m²

Building Area : 139,000 m²

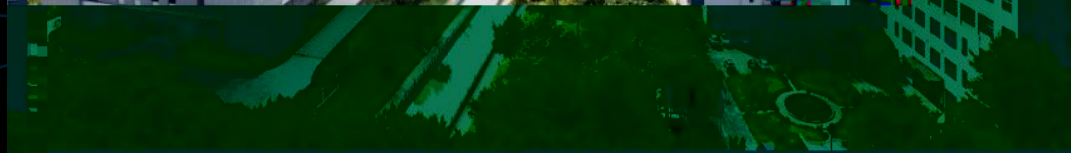

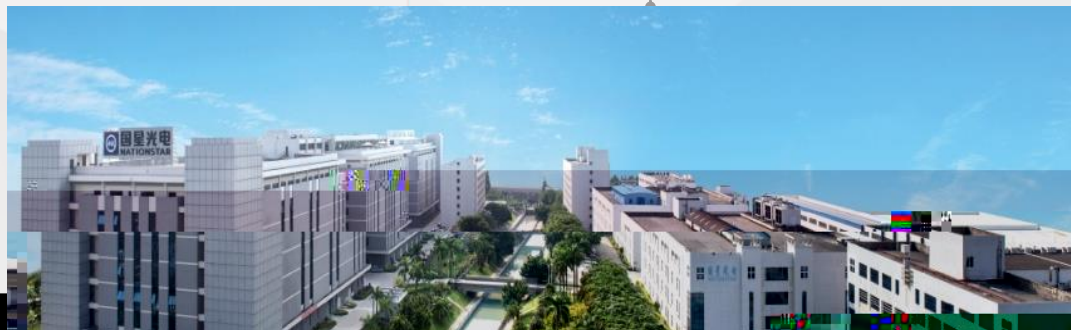

FOSHAN

The Production Base of LED Chips

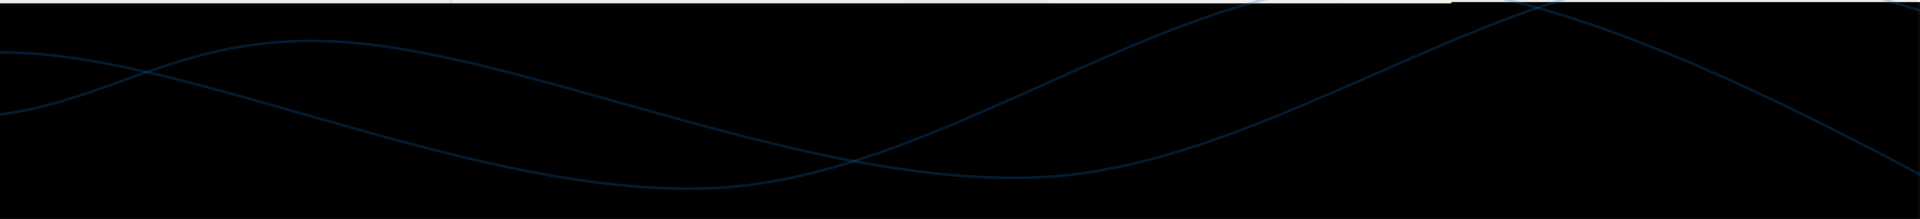

Land Area : 32,000m²

Building Area : 60,000 m²

UNIVERSITÄT
—since 1969—

CONTENTS

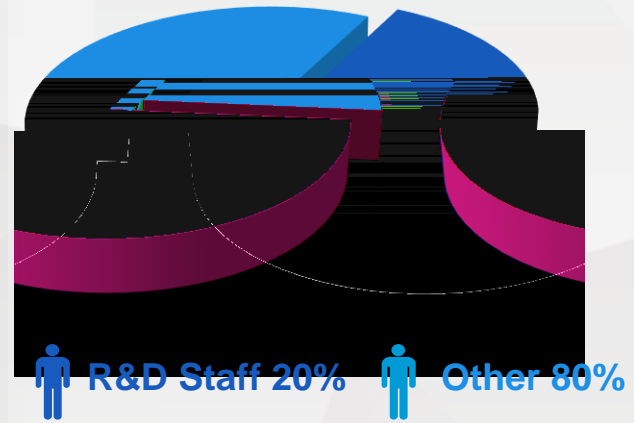

- 1 Company Profile
- 2 Power of R&D
- 3 Product Introduction
- 4 Sales Achievement

R&D Institutions

- Post-Doctoral Science Research Workstation;
- The Local and National United Engineering Laboratory of Semiconductor Lighting Materials and LEDs;
- CNAS Laboratory Accreditation Certificate;
- Optoelectronics Engineering Technology Research & Development Centre of Guangdong Province;
- The Provincial Engineering Laboratory of Semiconductor Lighting Materials and LEDs.

R&D Team

Patent Achievements

By now,
NATIONSTAR has
applied for more
than 400 patents,
more than 330 of
which are issued.

Product Certifications

○ Qual

ISO14001
